

Your Certificate is a document containing an electronic signature and **its authenticity can be verified**

Go to this place : <http://entreu.uv.es/> and click on ENTREU .

In the next page Please change the Language to **English** and then

click on **VERIFY DOCUMENT**

You copy the complete name of the document you wish to verify

(You will find these on the upper corner UV- ..... -number and the verification code)

and paste these in the foreseen places.

As a result, you will generate exactly the same document which proves that your certificate is the original document.
