

# SPORTS SERVICE

More information

## ACTIVITIES

Sports Service at Universitat de València offers a wide range of activities (more than 100 disciplines: aerobox, flamenco, kendo, zumba...).

## COMPETITIONS

The University gives you the possibility of enjoying individual and team sports both in official intercollegiate competitions and internal competitions.

## COURSES

Through training courses, you can continue with your studies in the physical education and sports field. In addition, with the sports volunteer program you can participate in the organization of events in the city of Valencia.

## ADAPTED SPORTS

If you have some kind of functional diversity the adapted sports program will help you to practise your favourite sport and combine it with your studies.

## SUPPORT AND GAD

The University develops a supportive program to athletes in order to facilitate combining studies with sport. It also provides you a support cabinet that offers medical, physiotherapy and psychological assistance.
