Institute López Piñero for the History of Medicine and Science

The Institute “López Piñero” for the History of Medicine and Science (IHMC) is a research center of the University of Valencia. The Institute organizes master and doctorate programs in “History of science and scientific communication.” It also develops general public activities (exhibitions, cinema, etc.) and research seminars. The center is located in a restored eighteenth-century palace (Palau de Cerveró) in which is the historical library with an extraordinary collection of bibliographical resources, particularly medical books since sixteenth-century. The center also gathers the scientific and medical instruments collection and organizes permanent and temporary exhibitions.

IHMC

Palau Cerveró
Plaça Cisneros, 3
46003 València

GRANTS LÓPEZ PIÑERO

López Piñero grants for the academic year 2015-2016 have been awarded to two former students of the master on history of science and science communication: Teresa Navarro and Lucía Sapiña. These scholarships support their participation in the meeting of SCHCT de Castelló. The IHMC will offer new grants during the next year to support other activities related to history of science and Technology. The Institute also offers support to visiting scholars and pre- and post-doctoral students who want to use its library, museum and other resources. Contact: bertomeu@uv.es
