UNIVERSITAT DE VALÈNCIA

SERVICE CHARTER

LIBRARY

AND

DOCUMENTATION

SERVICES

[lds]
**INTRODUCTION**

The Service Charters serve as the instrument through which each department of the University of Valencia informs the university community – as well as the community at large – about the services for which they are responsible, the conditions under which they are provided, the rights of the users with regard to these services, and the commitment to quality assumed in their delivery.

The department of Library and Documentation Services prepared the first version of its Service Charter in 2010, and in 2015 the UV Board of Governors passed the second version. As its validity ended in May of 2019, the Service Charter Monitoring Committee has reviewed the services, commitments, and indicators, with the objective of offering a new version that fits the current situation of the LDS.

With this third edition, the LDS department wishes to inform users about the main services it offers along with the quality assurances it provides, taking into account user expectations.

The present Service Charter is thus an internal instrument to improve the quality of services, which in turn helps orient both university users and citizens in general.
